## FILM AND DIGITAL MEDIA, MFA

Here follows a general outline of the requirements and procedures for successful completion of the MFA in Film & Digital Media. The following are subject to the rules of Baylor's Graduate School.

General requirements for admission to the Graduate School can be found in the Graduate School Bulletin (see especially the section for prospective graduate students). The minimum requirements for admission to our department's program are (A) a bachelor's degree from an accredited university and (B) submission of a creative portfolio. This portfolio should include:

- Scripts or film work (which can be submitted as a private streaming link, such as via Vimeo), and the applicant should designate what role he or she performed in the piece(s) in question.
- 2. Transcripts documenting an undergraduate grade point average of 3.0 or above on a 4.0 scale. If the Graduate Program Director and the Admissions Committee in Film & Digital Media believes a student is capable of successful graduate work, the Committee may admit a student with an undergraduate grade point average below 3.0, on the basis of a student's last two years of work, grades in film courses, or general academic competence.
- A a 400-500-word statement describing their reasons for seeking the MFA.
- 4. Three letters of recommendation from former professors or those familiar with their creative work.

An undergraduate major in film or media is not required for admission to our program, but we prefer that prospective students have at least 24 hours of undergraduate or graduate coursework in film and media. Those deficient in these requirements may be admitted on a probationary basis. Students are also encouraged to take courses in art, theatre, and literature before entering the program.

All documents may be submitted through Baylor's Slate system by 1 February to the Director of Graduate Studies.

To be fully considered for a departmental assistantship, applicants should submit all required materials by February 1<sup>st</sup> of each academic year. The final application deadline will be May 1<sup>st</sup> of each academic year.

<sup>1</sup> FDM 5391 Graduate Directing Workshop is required for all students in each of their first four Fall/Spring semesters for 12 hours. Students may repeat the course once more in their third year for a total of 15 possible hours of FDM 5391. The content of this course varies depending on the current project each student is working on and what stage of production (preproduction, production, postproduction) that project is in.
