Admission

The Department of Philosophy offers graduate work leading to the Master of Arts and the Doctor of Philosophy degrees. For admission to its graduate program, the department requires

1. a bachelor’s degree from an accredited institution;
2. at least fifteen hours of course work in philosophy;
3. a Graduate Record Examination General Test (GRE) score predictive of success in this program.
4. The Philosophy Department normally requires the GRE for all applicants. Exceptions may be made at the Department’s discretion on a case-by-case basis. Please apply to the Director of Graduate Studies if you believe an exception in your case would be reasonable;
5. a brief writing sample; and
6. three letters of recommendation.

The faculty of the department may modify these requirements in exceptional circumstances. We currently do not admit students for terminal M.A. studies, but doctoral students often find it useful to receive the M.A. degree when they have completed enough of the program to qualify for it.
