

ACADEMIC SUCCESS OFFICE

The Baylor Law Academic Success Office (“ASO”) provides academic assistance to students throughout their enrollment at Baylor Law. The ASO will deliver inclusive programming and lectures on best practices for study methods, as well as resources geared towards effective time and stress-management. With an emphasis on striving for excellence, not perfection, the ASO will seek to equip each student with the tools necessary to forge the path from “learning the law” to aptly and passionately practicing the law as a Baylor Lawyer.
