

# INTELLECTUAL PROPERTY LITIGATION TRACK

## Intellectual Property Litigation (Litigation Professional Track)

Contact Person: Professor Nichols

Intellectual property litigation is one of the most active trial specialties in the nation, and especially so in Texas. Students with a strong science or engineering background are particularly encouraged to consider this field. For students who plan to ultimately pursue a specialization in intellectual property specifically, this professional track can be combined with the Intellectual Property transactional professional track. For students who desire to pursue a broader practice in civil litigation but anticipate that intellectual property litigation will be part of that practice, combining Intellectual Property Litigation with either the General Civil Litigation or Business Litigation tracks may be a very good choice. The Intellectual Property Litigation Professional Track qualifies as a foundation track for the Special Distinction in Litigation.
