

ACCELERATED BACHELOR OF SCIENCE/MASTER OF ARTS IN TEACHING (WITH TEACHER CERTIFICATION)

To earn an Accelerated BS/MAT in Biochemistry or Chemistry, a student must complete all basic requirements for the BS degree with a major in the Department of Chemistry and Biochemistry, as well as additional coursework at the graduate level. (See Graduate Catalog (<https://catalog.baylor.edu/graduate-school/curriculum-departments-institutes-instruction/school-education/mat-teaching-certification/>) for details of graduate requirements, including eligibility and admission).
