COLLEGE OF ARTS & SCIENCES

Introduction

The founding of Baylor University at Independence in 1845 resulted from the efforts of the Education Society of the Union Baptist Association of the Republic of Texas. That body resolved “to found a Baptist University in Texas upon a plan so broad that the requirements of existing conditions would be fully met and would be susceptible of enlargement and development to meet the demand of all ages to come.” The importance of the liberal arts for the achievement of this resolve was embraced early and was formalized by the organization of the College of Arts & Sciences in 1919.

The College has programs leading to degrees of bachelor of arts, bachelor of science, bachelor of science in aviation sciences, and bachelor of fine arts. Highly motivated and qualified students may participate in the Honors Program or the University Scholars Program. In addition to the departments of study, there are interdepartmental programs and preparatory courses for professional pursuits at Baylor and other universities. Foreign study is available through a number of programs structured by departments of the College in conjunction with the Academic Affairs Division. Academic advisement, personal counseling, and testing services are provided by the University.

Accreditation

The College of Arts & Sciences is fully accredited by the Council of Colleges of Arts & Sciences.

The Mission and Values of the Baylor College of Arts & Sciences

The Baylor University College of Arts & Sciences exists to nourish students’ individual lives, fostering their development as imaginative, engaged leaders who will use their skills and character to address the needs and challenges of the larger world.

The College of Arts & Sciences is the foundation upon which all Baylor students’ educational experiences build. Skills in critical thinking, problem-solving, and oral and written communication are informed by introductory courses such as religion, literature, the arts, science, history, and politics.

The College values:

- The community of learning between professors and students.
- A culture of discovery and application of knowledge in both traditional and emerging areas of study.
- The commitment to civil society and the Christian values that undergird the academic community at Baylor.
- An interdisciplinary mindset that acknowledges the “interconnectedness” of all the fields and professions represented in the College as well as understanding that the whole is greater than the sum of the parts.
- Service-learning, experiential learning, and undergraduate research.
- An awareness of the global community in which the university exists and striving to connect the classroom to the world.

The History of the Baylor University College of Arts & Sciences

The College of Arts & Sciences — the largest academic unit of Baylor University with 475 full-time faculty and more than 6,600 students — celebrated its centennial in 1919.

The fields of study contained within the 25 departments within the current College of Arts & Sciences, including English, foreign languages, religion, political science, the fine arts, history, mathematics, and the sciences, made up almost all of Baylor University’s curriculum in its first decades.

Just before the observance of Baylor’s 75th anniversary with the celebration of its Diamond Jubilee in 1920, the Baylor Board of Trustees decided to formalize a new, more modern academic structure for the University. On March 21, 1919, trustees divided the University into six academic units — the College of Arts & Sciences, the College of Fine Arts, the College of Medicine, the College of Pharmacy, the College of Dentistry, and the School of Education.

Under this new alignment, the College of Fine Arts housed the disciplines of choral and instrumental music, as well as public speaking and expression. The remaining disciplines that were not included within the fields of medicine, dentistry, pharmacy, or education were placed in the College of Arts & Sciences. This arrangement lasted for two years until Baylor trustees in 1921 dissolved the College of Fine Arts and created the School of Music and Fine Arts, with courses in public speaking and expression transferred to the College of Arts & Sciences.

A dozen deans

Samuel Riley Spencer, a physics professor, served as the first dean of the College of Arts & Sciences. The 11 deans that have followed him included Dr. William Sims Allen, who served as Baylor’s acting president for a year following the death of Dr. Samuel Palmer Brooks in 1931. Four Arts & Sciences deans have left that job at Baylor to accept the presidency of other universities, while three other deans went on to become the provost of Baylor or another university.

Dr. George M. Smith, who served as Arts & Sciences dean from 1955 to 1974, has the longest tenure with 19 years as dean. The current Arts & Sciences Dean, Dr. Lee C. Nordt, is the second-longest-serving dean with 14 years of leading the College.

Academic highlights

As Baylor’s largest academic unit with the most departments, the College of Arts & Sciences has been at the forefront of many academic milestones during its 100 years of formal operation. It granted Baylor’s first Ph.D. degree — in chemistry — in 1954, and when the University awarded its first Ph.D. degree to a woman the following year, that degree — in biology — was also in Arts & Sciences.

Two Arts & Sciences professors — Robert Reid in history and Ann Miller in English — were the first Baylor faculty members to be given the designation of Master Teachers by the University in September 1982. The majority of distinguished teaching awards presented at Baylor each year, including the Collins Outstanding Professor Award and the Cornelia Marshall Smith Professor of the Year Award, have been won by the Arts & Science faculty. And students receiving degrees from the College of Arts & Sciences are the majority of Baylor recipients of prestigious international scholarships such as the Marshall, Truman, and Fulbright.

The College of Arts & Sciences has produced a diverse and talented group of alumni over the past century that has excelled internationally in fields including religion and Christian ministry, law and social justice,
healthcare, business, education, arts and entertainment, politics, and scientific discovery. Baylor Arts & Sciences graduates include two Texas governors — Price Daniel and Ann Richards — and three Baylor presidents — Judge Abner McCall, Dr. Herbert H. Reynolds, and Dr. Robert B. Sloan Jr.

Endowed Positions

Chairs
The Floyd F. Davidson Endowed Memorial Chair in Biology
James R. Schofield Endowed Chair in Biomedical Studies
Robert A. Welch Chair in Chemistry
Jo Murphy Chair in International Education
The Glenn R. Capp Chair in Forensics
The Reverend Jacob Beverly Stitelter Chair in Greek
The Ralph and Bessie Mae Lynn Chair in History
The Fred Hartman Distinguished Chair in Journalism
Latin Family Chair in Latin American Studies
The Ralph and Jean Storm Chair in Mathematics
Robert and Veronica Pizziak Chair in Mathematics
The Tim and Sharalynn Fenn Family Endowed Chair in Materials Science
The Michael E. DeBakey, M.D., Selma DeBakey and Lois DeBakey Chair for Medical Humanities
The R.W. Morrison Chair in Political Science
Eula Mae and John Baugh Chair in Physics
Roger Kirk Endowed Chair in Quantum Psychology
The W. Marshall and Lulie Craig Chair in Bible
The Kidd L. and Buna Hitchcock Macon Chair in Religion
The Dr. W.W. Melton Chair in Religion
Driskell Research Chair in Religion
The Raymond O. Hubler Chair of Ministry Guidance

Professorships
The Cornelia Marschall Smith Professorship in Biology
The Schotts Professorship in Chemistry
Distinguished Service Professorship in English
Dr. Carole Ann McDaniel Hanks Chair in English
The W.M. Keck Professorship in Geophysics
The Lilian and Rupert Radford Distinguished Professorship in Journalism
The W. Winfred and Elizabeth Moore Visiting Professorship in Ministry Guidance
The J. Newton Rayzor, Sr. Distinguished Professorship in Philosophy
Robert Miller Professorship in Political Science

The Bob Bullock Professorship in Public Policy and Administration
Charles & Mary Dent Premed Professorship
The George W. Baines Professorship in Religion
The Linden G. Bowers Professorship in American History
The Frederick Roach Professorship in Religion
The J. David Slover Professorship of Ministry Guidance
The James Vardaman Endowed Professorship in History

Department of Aerospace Studies (Air Force ROTC)
Lt Col Kenneth R. Sterling, M.S., Chair
Capt Ken P. Herlacher, B.A.
Capt Matthew Renner, B.S.
Capt Athina C. Teicher, B.S.

Institute for Air Science
William B. (Trey) Cade III, Ph.D., Director
Timothy Compton, M.S.

Department of Anthropology
Michael P. Muehlenbein, Ph.D., Chair
Sara E. Alexander, Ph.D.
Katie M. Binetti, Ph.D.
Garrett W. Cook, Ph.D.
Joseph V. Ferraro, Ph.D.
Mark V. Flinn, Ph.D.
Julie A. Hoggarth, Ph.D.
James R. Huggins, M.F.S.
Austin W. Reynolds, Ph.D.
Samuel S. Urlacher, Ph.D.

Department of Art and Art History
Heidi J. Hornik-Parsons, Ph.D., Chair

Devan Stahl, Ph.D.
Jason Whitt, Ph.D.

Professional Advisors
The College of Arts & Sciences Advisement Office (CASA) advises most freshmen, sophomores, juniors and transfer students within specific majors in the College. Most seniors are advised by faculty mentors. Undecided students are advised by MESA (Major Exploration and Success Advising). Refer to BearWeb (http://www.baylor.edu/BearWeb/) or Navigate for your specific advising assignment.

General Regulations

Certain regulations are common to all of the undergraduate degrees conferred by the College of Arts & Sciences. Additional regulations are listed in this catalog under “General University Regulations."

1. Minimum requirement: 124 semester hours. Some programs may exceed the minimum.
2. Residence requirement: minimum sixty semester hours. After a student achieves senior standing (90 earned credits), all upper-division courses (3000-4000 level) must be taken in residence (or in a Baylor-approved study abroad program).
   Note: After matriculation, a student may transfer a maximum of fifteen semester hours to Baylor.
3. Grade point average: minimum of 2.00 ("C") overall and also in the major, minor, and certificate for work at Baylor. Some departments require a “C” or better in every course applying to the major or minor.
4. Course substitutions: Students who substitute an upper-level course for a lower-level requirement may not retain the upper-level credit.

The exception to this policy is when a lower-level course is a specific prerequisite for the upper-level course.

5. Courses used in the basic degree requirements can also be used in requirements for a major, minor, or certificate. However, courses cannot be used in more than one requirement in the basic requirements. Courses in the major cannot be counted for courses in other areas required by that major; however, other areas courses from the one major can apply either in additional majors or in other areas for additional majors or in a minor. See information under majors/secondary majors/minors/certificates for details on counting courses.

6. Creative Arts Experience: Students are required to attend twelve approved Creative Arts Experiences with at least two events from each of the following categories: Art, Film, Music, Theatre, and Literature/World Cultures. Students entering Baylor with 30 hours receive two event credits. Students entering Baylor with 60 hours receive six event credits.

7. Foreign language:
   a. Arabic, Chinese, French, German, Greek, Hebrew, Italian, Japanese, Korean, Latin, Portuguese, Russian, Spanish, and Swahili may be used.
   b. Students who have taken courses in Spanish, French, or German need to take the online placement test. These test scores will help advisors place students at the most appropriate level to begin their foreign language study at Baylor.
   c. Students who have taken courses in Latin may take a placement test in the Classics Department Office, 333 Morrison Hall.
   d. If a student has taken high school courses in a language for which a placement test is unavailable, the student should consult with the department (Modern Languages and Cultures or Classics) to determine the appropriate level at which to begin foreign language courses at Baylor.

8. Teacher Certification: Students seeking teacher certification should contact the School of Education for complete requirements.

9. Lifetime Fitness:
    a. It is waived for students who have reached age 25 at the time of matriculation to Baylor.
    b. For those students with physical disabilities, an adaptive and/or academically oriented program will be provided. Students with disabilities should present to coordinators at registration a medical statement from the Baylor physician outlining the nature of their disability and recommendation for activity.
    c. A maximum of four Lifetime Fitness courses may be counted on a degree program.

10. Chapel: Students entering as freshmen or who transfer as freshmen or sophomores are required to attend two semesters of Chapel. Students who transfer to Baylor and are classified as juniors or seniors must attend one semester of Chapel.

11. Major:
    a. One required; others, if available on the same degree, may be elected from the list of majors included in the section in this catalog on undergraduate programs for each degree. See departmental sections for specific requirements.
    Note: The policy of the College of Arts & Sciences is that any course that is cross-listed or common in multiple majors or secondary majors may be counted toward only one major or secondary major. A student seeking more than one major or secondary major must complete all credit hour requirements for each major or secondary major independent of the other major(s) and secondary major(s).
12. Secondary Major:
   a. Optional; may elect one or more secondary majors. Specific requirements in departmental sections of this catalog.
   b. Secondary majors offered by departments in the College of Arts & Sciences have the same minimum requirements specified for the major in section 11.

13. Minor:
   a. Optional; may elect one or more minors. Specific requirements in departmental sections of this catalog.
   b. Eighteen hours minimum required; slightly higher for some minors.
   c. Residence – minimum twelve hours, nine hours advanced.
   d. Advanced work – minimum nine hours.
   e. No more than a maximum of three hours from the major or secondary major may be applied to the minor.
   f. Grade point average – a minimum of 2.00 ("C") on all courses in the minor taken at Baylor. Some departments require a "C" or better in every course applying to the minor.

14. Certificate:
   a. Certificates are optional and offer students the opportunity to choose from a select group of courses focused on developing a skill that students can put to practical and professional use.
   b. Twelve hours minimum required.
   c. Residence - minimum nine hours, six hours advanced.
   d. Advanced work - minimum nine hours.
   e. Grade point average - a minimum of 2.00 ("C") on all courses in the certificate taken at Baylor. Some departments require a "C" or better in every course applying to the certificate or may require a higher overall GPA for the certificate.

15. Advanced work (3000-4000 level courses): minimum thirty-six semester hours.
   a. To be earned after junior status is attained.
   b. Mathematics, physics, chemistry, biology, and language courses at the 3000-level may be taken as soon as necessary prerequisites are completed and will be considered advanced work.
   c. No junior college course, regardless of content, will be considered advanced.
   d. No transferred course will be considered advanced unless it was so rated by the college where taken, and unless Baylor's equivalent course is advanced.

   e. Please refer to the section on eligibility for courses in this catalog.

16. Maximum credit: Within the minimum of 124 hours required for a degree, the following maximum credits are applicable:
   a. four courses of Lifetime Fitness and 
   b. ten hours of applied music and/or ensemble.

17. All Honors Program students completing majors within the College of Arts & Sciences must select from one of the following four courses to satisfy their Literature in Context Distribution List requirement: CLA 2301 Literature of Ancient Greece, CLA 2302 Literature of Ancient Rome, CLA 2306 Greek and Roman Mythology, or GTX 2301 Intellectual Traditions of the Ancient World : Literature and Thought.

18. Students may be designated as an Undecided major for a variety of reasons, such as exploring options for majors which align best with their interests, strengths, and goals. Undecided students will be assigned an advisor in the Major Exploration and Success Advising (MESA) office who will assist them through the exploration process with the goal that they will gain a greater understanding of themselves and their options. Students designated as Undecided may remain as such for no more than three regular terms (fall/spring). Students who do not declare a degree-granting major within three regular terms will not be able to register for the subsequent semester. Appeals to extend this time must be approved by the Director of MESA and the College of Arts and Sciences Dean's Office.

### Attendance Policy

To earn course credit in the College of Arts & Sciences, a student must attend at least 75 percent of all scheduled class meetings. Any student who does not meet this minimal standard will automatically receive a grade of "F" in the course. Any University-related activity necessitating an absence from class shall count as an absence when determining whether a student has attended the required 75 percent of class meetings.

In addition to the College of Arts & Sciences Attendance Policy, faculty and students will be guided by the University Attendance Policy in the Undergraduate Catalog. Furthermore, departments and individual faculty members may establish more stringent requirements regarding attendance, punctuality, and participation.

All attendance requirements and penalties for excessive absences will be set forth in the syllabus for each course.

### Core Curriculum

**Bachelor of Arts, Bachelor of Science, Bachelor of Fine Arts, and Bachelor of Science in Aviation Sciences**

### Distribution Lists

- Communication and Media Literacy (One Course) (p. 14)
- Contemporary Social Issues (One Course) (p. 14)
- Fine Arts and Performing Arts (One Course) (p. 14)
- Foreign Language and Culture (Two to Four Courses) (p. 15)
- Formal Reasoning (One Course) (p. 16)
- Literature in Context (One Course) (p. 16)
- Research Writing (One Course) (p. 16)
- Scientific Method I: Course with Laboratory Experience (One Course) (p. 16)
- Scientific Method II: Grand Challenges of Science (One Course) (p. 17)
- Lifetime Fitness (One Course) (p. 16)

### Major

One required; others may be elected from the list of majors for this degree included in the section in this catalog on undergraduate programs. See departmental sections for specific requirements.

### Minor

Optional; may elect one or more minors. Specific requirements in departmental sections of this catalog.

### Advanced Work Minimum

3000-4000 level courses 36

### Maximum Credit

Within the minimum of 124 hours required for a degree, the following maximum credits are applicable:

1. four courses of Lifetime Fitness, and
2. ten hours of applied music and/or ensemble

1. Minimum 60 hrs.
2. Transfer students with 30 hours will attend 10 events; transfer students with 60 hours will attend 6 events.
3. Students may be able to complete their requirements for this distribution list in as few as 6 hours if they have a higher level of language proficiency; for example, if they bring in transfer credit, have CBE credit, or had a strong high school background in a language. Students meeting any of these criteria are strongly encouraged to consult with the Department of Modern Languages and Cultures, Classics (Greek or Latin) or Religion (Hebrew) for recommendations on placement and appropriate classes.

Additional information on the requirements for advanced credit, residence, language, chapel, minimum grade point average, maximum credit, Lifetime Fitness, and majors and minors is listed under “General Regulations for the College of Arts & Sciences” and “General University Regulations.”

For those who already have credit for 2310 (pre-Baylor) or place into a higher level, the following options are available:

**Foreign Language and Culture**

To meet this requirement, students must (1) attain an appropriate level of proficiency and (2) complete at least 6 hours in residence.

Complete one of the following options:

1. 8 hours selected from intensive language courses in German or Spanish (both courses must be from the same language and both must be completed in residence): 1412 and 2412.
2. 9 hours selected from the Foreign Language and Culture Distribution list, including the completion of at least one language through the third level of proficiency (2310 course or equivalent). Arabic, Chinese, French, German, Greek, Hebrew, Italian, Japanese, Korean, Latin, Portuguese, Russian, Spanish, or Swahili may be used.
3. 12 hours selected from the Foreign Language and Culture Distribution list, including the completion of two classical languages through the second level of proficiency (1302 course or equivalent). Aramaic, Hebrew, Latin, and Greek may be used.

All students must demonstrate proficiency through the 2310 level in a modern or classical language or through the 1302 level in 2 Classical Languages (Latin, Greek, Hebrew, Aramaic) or complete GER 1412 Accelerated Elementary German or SPA 1412 Accelerated Elementary Spanish and GER 2412 Accelerated Intermediate German or SPA 2412 Accelerated Intermediate Spanish.

In addition to the scholarships listed above, students are eligible to apply for unrestricted scholarships available at Baylor University. Applications for all academic scholarships may be obtained in the Student Financial Aid Office. The list of societies below is not a complete list. Students should check with academic departments for additional societies.

The scholarship also is listed under another department.

Honor Societies

Alpha Epsilon Delta
Alpha Epsilon Delta (AED) is a national premedical and predental honor society. AED encourages scholarship and service among its members and provides a broad range of services and activities to the larger premedical and predental community. Chartered in 1929, Baylor's chapter, Texas Beta, entered the society in its third year of existence. Members are required to achieve and maintain a 3.5 cumulative GPA and a 3.5 science GPA (biology, chemistry, physics, and mathematics.)

Alpha Kappa Delta
Alpha Kappa Delta is a national honor society for sociology majors. Its purpose is threefold: to recognize scholarship; to provide a forum for sociological discussion, and to stimulate sociological research. Membership is open to sociology majors who have completed twelve hours of sociology with a GPA of 3.0 or higher and who have a cumulative GPA of 3.0 or higher.

Alpha Lambda Delta
Alpha Lambda Delta was founded in 1924 by the Dean of Women, Maria Leonard, at the University of Illinois to recognize academic excellence among freshmen women. One year before, Dean Thomas Arkle Clark had founded Phi Eta Sigma, an honor society to recognize academic excellence among freshmen men. Both groups operated as single-sex organizations until the mid-70s when they both became coeducational in response to Title IX. Today, Alpha Lambda Delta has chapters at 270 campuses in the United States. Members are invited to join the local chapters after the chapter has determined that the student has achieved a 3.5 or higher GPA in their first year or term of enrollment in an institution of higher education. The members of the local chapters are also considered to be members of the national organizations.

Beta Beta Beta
Beta Beta Beta is the national honor society for the students of the biological sciences. Its activities are designed to stimulate interest, scholarly attainment, and investigation in the biological sciences and to promote the dissemination of information and new interpretations among the students of the life sciences.

Chemistry Honor Society
Chemistry Honor Society is an honorary society for chemistry and biochemistry majors. Started in 2012, it encourages academic excellence in the chemical field. Membership is limited to juniors and seniors with an overall GPA of 3.65 or higher.

Delta Phi Alpha
Delta Phi Alpha is the national German honorary society originally founded at Wofford College in 1927. Baylor's Iota Omicron chapter was installed on March 10, 1983, and is open to advanced German students who have completed a course at the “3000” or “4000” level and have a cumulative GPA of at least 3.0, and a German GPA of at least 3.5.

Eta Sigma Phi
Eta Sigma Phi is the national honorary collegiate society founded in 1914 at the University of Chicago for students of Latin or Greek. Baylor's Gamma Omega Chapter of this national classical fraternity gained its charter in 1960.

Kappa Tau Alpha
Kappa Tau Alpha is the national honor society for journalism and communications. Eligibility is limited to upperclassmen, graduate students, and faculty members. Undergraduate members must achieve and maintain a GPA of at least 3.0 in their journalism and communications courses and rank among the top ten percent of their department class according to their cumulative GPA at Baylor.

Lambda Alpha
Lambda Alpha, the national honor society for students of anthropology, was chartered in 1968 and has 249 chapters. Baylor's chapter, Kappa of Texas, was started in 2007. Anthropology students with 12 hours completed in the major and a GPA of 3.0 are invited to join. Members
Lambda Pi Eta
Lambda Pi Eta is the National Communication Association's honor society for communication majors and minors. The purpose of the communication honor society is to recognize, foster, and reward outstanding scholastic achievement in communication studies; to stimulate interest in the field of communication; to promote and encourage professional development among communication majors; to provide an opportunity to discuss and exchange ideas in the field of communication; to establish and maintain closer relationships and mutual understanding between communication faculty and students, and to explore options for graduate education in communication. Membership requirements: complete sixty semester credit hours in undergraduate courses with a cumulative undergraduate grade point average of at least 3.0; complete twelve semester hours in communication courses with a minimum grade point average of 3.25; and be currently enrolled as a full-time student in good standing with both the department and the university.

Möbius
Möbius is a mathematics society that seeks to provide undergraduate students across a variety of disciplines opportunities to participate in undergraduate mathematics research, attend mathematics lectures and discussions, socialize with mathematics faculty at the university, and meet mathematicians from across the world. Möbius encourages students of all disciplines to join, though students that have declared mathematics as their major are especially encouraged to participate.

Nu Rho Psi
Nu Rho Psi is the national honor society for neuroscience. Among the aims of Nu Rho Psi, the society seeks to encourage professional interest and excellence in scholarship, recognize exceptional work among students, and encourage collaborative exchanges between neuroscience students, faculty, and professionals. Neuroscience or pre-neuroscience students must complete a minimum of forty-five credit hours and nine credit hours in neuroscience or a related field to join (e.g. biology, chemistry, mathematics, physics, psychology, or statistics). Students must also achieve a 3.0 GPA or higher in NSC 1306 Introduction to Neuroscience and NSC 1106 Introduction to Neuroscience Laboratory, a 3.5 or higher cumulative GPA in neuroscience courses, and a 3.2 cumulative GPA overall to be eligible to join. Only courses completed at Baylor will be considered.

Phi Alpha Theta
Phi Alpha Theta is the national honor society in history. The society was established by Dr. Nels Cleven at the University of Arkansas in 1921 to promote excellence in research, publications, and teaching among historians and to facilitate an ongoing intellectual and social exchange among history students and faculty. Students who have completed twelve or more credit hours in history, with a 3.3 GPA in history and a 3.0 cumulative GPA, are eligible for membership in Baylor's Tau Beta Chapter of PAT.

Phi Beta Kappa
Phi Beta Kappa, founded in 1776 at the College of William and Mary, is the nation's oldest and most prestigious scholastic honor society. Currently, there are 255 chapters. Baylor's chapter, Zeta of Texas, was chartered in 1976 and is one of ten chapters in Texas. Zeta Texas sponsors the Roy B. Albaugh Lectureship and awards the Henry L. Robinson scholarship each year, in addition to sponsoring campus visits by a number of prominent scholars and lecturers. Membership is by election and initiation; graduating seniors and Ph.D. candidates in the College of Arts & Sciences are automatically considered for membership each year. Students must have completed a liberal arts or science undergraduate degree program, courses in mathematics and a foreign language, and have a top five-percent final cumulative GPA. Students must exhibit broad cultural interests and good character.

Phi Sigma Tau
Phi Sigma Tau is the national honor society for philosophy. It aims to generate activity among students and to establish and deepen ties between philosophy departments at affiliated institutions. Students who meet the requirements outlined by the Association of College Honor Societies, of which Phi Sigma Tau is a member organization, are eligible for membership.

Pi Delta Phi
Pi Delta Phi, a member of the Association of College Honor Societies since 1967, is the French National Honor Society for undergraduate and graduate students. It is the oldest academic honor society for a modern foreign language in the United States and was originally founded as a departmental honor society at the University of California, Berkeley in 1906. Baylor's Delta Nu chapter was installed in 1965 and is open to advanced French students who have a cumulative GPA of at least 3.0, and a French GPA of at least 3.5.

Pi Epsilon
Pi Epsilon, The National Environmental Societies Honor Society, welcomed Baylor University as its 13th chapter in 2022. Pi Epsilon's first chapter and National Office was founded by a group of Environmental Science Ph.D. students at Wright University in 2003. Pi Epsilon promotes the study of environmental sciences through recognition of exemplary scholarly and professional activity at both the undergraduate and graduate levels. Membership is open to undergraduate and graduate students in the environmental and natural sciences who have a cumulative GPA of at least 3.30 out of 4.00 and have completed at least 30 semester hours of total coursework for undergraduates and at least 6 semester hours of total coursework for graduate students.

Pi Mu Epsilon
Pi Mu Epsilon is a national honor society for mathematics, established in 1913 by Dr. Edward Drake Roe, Jr. at Syracuse University. Baylor's chapter, Texas Xi, was chartered in 1988. Pi Mu Epsilon aims to encourage and support scholarly activity and thought in the field of mathematics. Undergraduate students pursuing a degree in mathematics who have at least two courses in calculus (or the equivalent) and two additional courses in mathematics, with at least a 3.0 cumulative GPA and a 3.0 Gpa in mathematics courses, are eligible for membership.

Pi Sigma Alpha
Pi Sigma Alpha is a national honor society for political science founded at the University of Texas in 1920. Baylor's chapter, Gamma Eta, was chartered in 1955. All majors are eligible for membership. Undergraduate students must complete at least half of the required credit hours for their chosen degree and maintain a top third cumulative GPA; ten credit hours in political science, with one 3000-4000 level course; and a 3.0 GPA for these courses to be eligible for membership. Undergraduate coursework does not affect graduate eligibility; graduate students must be pursuing a degree in political science and are eligible for membership after the
completion of nine credit hours. To be eligible for membership, graduate students must achieve and maintain at least a 3.0 GPA in all courses.

Psi Chi
Psi Chi is a national honor society in psychology that seeks to encourage, stimulate, and maintain scholarship of the individual members in all fields, particularly in psychology, and to advance the science of psychology. The programs are designed to augment and enhance the regular curriculum, utilize the talents of the members, and afford interaction with fellow members, faculty, and other psychologists. Psi Chi sponsors conventions with the regional psychological associations. Members are given the opportunity to present their research papers at these conventions and receive the Psi Chi certificate of recognition for excellence in research. Students must be a Psychology major and have completed nine semester hours in psychology or neuroscience, have a cumulative GPA of at least 3.4, and a GPA of at least 3.0 in all psychology and neuroscience courses.

Sigma Delta Pi
Sigma Delta Pi is a national Spanish honorary society to which outstanding students in advanced Spanish courses may be elected. Students must have completed a course in Hispanic literature at the “3000” or “4000” level, have a cumulative GPA of at least 3.0, and a 3.5 GPA in Spanish courses.

Sigma Gamma Epsilon
Sigma Gamma Epsilon is the national geology honorary society. It is affiliated with the Geological Society of America. Baylor’s chapter, Zeta Pi, strives to promote scholarship by recognizing promising geosciences and earth science students. Sigma Gamma Epsilon assists the Baylor Geological Society by providing various other services to the department. Students of geosciences and earth science who have completed ten credit hours in geology and earth science, have maintained a 3.0 GPA in these courses, and a 2.7 cumulative GPA are eligible to join.

Sigma Iota Rho
Sigma Iota Rho is an honor society for international studies. Juniors and seniors who have completed at least twenty-one credit hours toward an international relations major or minor, including at least two 3000-4000 level courses; who have maintained a 3.4 GPA in international relations courses; and a 3.3 cumulative GPA are eligible to join. Students enrolled in International Studies, Asian Studies, Latin American Studies, and Slavic and Eastern European Studies are eligible to join Baylor’s chapter.

Sigma Pi Sigma
Sigma Pi Sigma is a physics honor society, founded at Davidson College in 1921. The Baylor chapter was installed in 1959. Sigma Pi Sigma operates alongside the national Society of Physics Students (SPS); students are elected to Sigma Pi Sigma from within the society on the basis of outstanding academic achievement. The purpose of the society is both to recognize scholarship and to advance knowledge of and interest in physics. Invitation for membership in the society is extended to qualified individuals who have completed at least sixteen credit hours of physics.

Sigma Tau Delta
Sigma Tau Delta is an international English honor society with more than 300 chapters in the United States and abroad. The Lambda Alpha chapter at Baylor, chartered in 1925, is concerned with promoting academic growth and developing friendships with other students who have a specific interest in English. The requirements for membership include a GPA of 3.0 overall and a GPA of 3.3 in English plus the completion of two English courses beyond the freshman level. Applicants submit a writing sample.

Tau Sigma
Tau Sigma is an honor society designed to recognize and promote excellence among and the involvement of transfer students. To be eligible students must transfer to Baylor with at least one year of transferrable credit hours from their prior institution and must complete one full term of study at Baylor, achieving and maintaining a 3.5 cumulative GPA.

Theta Alpha Kappa
Theta Alpha Kappa (TAK) is the honor society for religious studies and theology. TAK seeks to recognize and encourage excellence in research, learning, teaching, and publishing in religious studies and theology. Further, TAK seeks to encourage collaborative exchange between religious studies and theology faculty and students. To be eligible, students must have completed three full terms at Baylor, with a minimum of twelve credit hours in religious studies or theology, have attained a 3.5 GPA or higher in those courses, and a 3.0 cumulative GPA.

Upsilon Pi Epsilon
Upsilon Pi Epsilon is an honor society for computer science, promoting high scholarship and original investigations in the various branches of computer science. To be eligible, students must pursue a degree in computer science or a related discipline, complete forty-five credit hours toward their degree program, and at least fifteen credit hours in the computer sciences, achieve and maintain a 3.0 cumulative GPA, and hold an academic ranking in the top thirty-five percent of their class. The Baylor chapter inducts members twice each year.

Professional Organizations

Aim Higher
Aim Higher is a student fundraising organization supporting the Aerospace Studies department. Currently-enrolled cadets in the Air Force ROTC program are members of the organization.

American Association of Petroleum Geologists – Student Chapter
The student chapter of the AAPG is for student geologists interested in the petroleum industry.

American Chemical Society – Student Affiliate Chapter
This organization is open to all students interested in chemistry and biochemistry. Its purposes are to promote the chemistry and biochemistry programs of Baylor University, to further the awareness of chemistry and biochemistry, and to provide encouragement and fellowship to chemistry and biochemistry students.

American Mathematical Society (AMS)
The American Mathematical Society is an association of professional mathematicians dedicated to the interests of mathematical research and scholarship and serves the national and international community through its publications, meetings, advocacy, and other programs.

American Psychological Association (APA)
The APA is the national organization of research and professional doctoral-level psychologists and student affiliates. Its purpose is to develop standards and guidelines for the delivery of psychological services, monitor high school, undergraduate and graduate psychology
programs, support research funding programs, promote recognition of psychology's scientific achievements, accredit doctoral training and internship programs, encourage opportunities for ethnic minority persons and related sciences and professions.

**Arnold Air Society (AAS)**
The AAS is a professional service organization open to all members of Air Force ROTC. It promotes the Air Force image on campus and in the community and provides opportunities to exercise skills in leadership, management, organization, and public relations.

**Association for Computing Machinery (ACM)**
The Baylor ACM Chapter was organized and chartered in 1974. The student chapter assists members in maintaining a close, regular association with fellow students and faculty who are also interested in computing. Periodic meetings provide a combination of social interaction, professional dialogue, public service, and professional development. Membership is open to anyone with an interest in computing.

**Association for Education in Journalism and Mass Communication**
The Association for Education in Journalism and Mass Communication (AEJMC) is a nonprofit, educational association of journalism and mass communication educators, students, and media professionals. The Association's mission is to promote the highest possible standards for journalism and mass communication education, cultivate the widest possible range of communication research, encourage the implementation of a multicultural society in the classroom and curriculum, and defend and maintain freedom of communication in an effort to achieve better professional practice and a better-informed public.

**Association for Women Geoscientists**
The student chapter of the Association for Women Geoscientists is a global organization devoted to enhancing the quality and level of participation of women in geosciences and to introduce girls and young women to geoscience careers.

**Association for Women in Mathematics**
AWM's purpose is to encourage women to study and have active careers in the mathematical sciences, and to promote equal treatment and opportunities within the field. Our mission is to facilitate activities that support this purpose, both at the graduate and undergraduate levels. AWM is open to both men and women and undergraduate and graduate students.

**Association for Psychological Society (APS)**
The APS is the national organization of research psychologists and their student affiliates. It is an independent, multipurpose organization to advance the discipline of psychology, preserve the scientific base of psychology, promote public understanding of psychological science and its applications, enhance the quality of graduate education, and encourage the “giving away” of psychology in the public interest.

**Astronomy Club**
This organization is open to all Baylor students. Members will organize and participate in astronomical observing events and learn about astrophotography. Observing events will be held both on campus and at the Paul and Jane Meyer Observatory in Clifton, Texas. The Paul and Jane Meyer Observatory site offers dark skies, a viewing field for personal telescopes, and access to equipment beyond that typical for amateur astronomy, including a 0.6 m Richey-Chretien telescope and CCD camera for imaging and photometry. The Paul and Jane Meyer Observatory is maintained by the Central Texas Astronomical Society (CTAS). Membership in CTAS is required for members to use the observatory field. On-campus astronomical events will be open to everyone.

**Baylor Anthropology Society**
The Baylor Anthropology Society was organized and chartered in 1994. Its purpose is to promote Baylor unity and spirit throughout the campus. Through student mixers, open forums, and campus speakers, the society seeks to enhance the student’s understanding and acceptance of social and cultural differences. Membership is open to all full-time students.

**Baylor Aviation Organization**
The Baylor Aviation Organization (BAO) is for any Baylor student interested in aviation. BAO organizes and hosts aviation-related activities, provides opportunities to explore various aspects of the aerospace industry, and engages in community service projects in order to prepare members for careers within the aerospace industry and promote community between BAO members and the larger Baylor community.

**Baylor Forensic Society**
The Baylor Forensic Society offers opportunities for students to learn more about possible careers through faculty and guest speakers, provides hands-on experience, participation in community service projects, and encourages camaraderie with other students through social events and fund-raisers.

**Baylor Geological Society**
The Baylor Geological society promotes the professional development and job placement of geology students. The society also provides opportunities for fundraising and for local service, in addition to cultivating community through various social events.

**Baylor Japanese Honor Society**
The Baylor Japanese Honor Society (BJHS) recognizes and encourages scholastic achievement and excellence in the study of the Japanese language. BJHS members are expected to maintain high standards in Japanese language and to promote activities that utilize their language skills both on campus and in communities. After successfully completing five semesters of Japanese with a 3.5 GPA and a 3.0 overall GPA, the students will be nominated to the Japanese National Honor Society—College Chapter in their last semester before graduating.

**Baylor Literary Society**
Designed to aid the pre-professional student and the liberal arts major, the Baylor Literary Society is open to all students regardless of major. Members share a common interest in literary studies and reading. In addition, specific programs and activities assist students in developing the skills required for successful job searches.

**Baylor Mathematical Society (Student Chapter of MAA)**
Membership in the Baylor MAA student chapter is open to all students interested in mathematics or the mathematical sciences. Its purpose is to encourage students to continue study in the mathematical sciences, provide opportunities to meet with the faculty and other students interested in mathematics, interact with prominent mathematicians at national meetings, and provide career information in the mathematical sciences.
Baylor Philosophy Club
This organization is open to all students who are interested in philosophy. The club meets weekly for philosophical discussions led at times by visiting philosophers and at times by students.

Baylor Photo League
The purposes of the Baylor Photo League are to promote interest in photography among Baylor students, to give members the opportunity to hone their photographic skills, and to encourage fellowship among members. League members are given access to the various labs in the Department of Journalism, Public Relations and New Media, participate in critiques, interact with professionals from the field, attend field trips to galleries and museums of photography, and sharpen their skills through competitions and workshops.

Baylor University Student Chapter of the Society of Environmental Toxicology and Chemistry (SETAC)
The Baylor University student chapter of the Society of Environmental Toxicology and Chemistry (SETAC) is the leading global science society and helps facilitate careers in environmental science. The BU SETAC student chapter is open to undergraduate and graduate students interested in pursuing careers in these fields.

Classical Association of the Middle West and South
The Classical Association of the Middle West and South is a professional organization for classicists and non-classicists. Baylor has been an Institutional Member and staunch supporter for over a decade, with our faculty both presenting and presiding at CAMWS conferences, serving in leadership roles and, in April 2014, hosting more than 500 attendees at the Annual Meeting.

German Club
This organization promotes interest in the German language, literature, and culture, discusses contemporary events in Germany, and investigates professional and academic opportunities for German-speaking students.

International Society for Optics and Photonics (SPIE)
The SPIE-affiliated student chapter is open to all students who are studying or interested in optics and photonics at Baylor University. SPIE is an international society advancing an interdisciplinary approach to the science and application of light. SPIE affiliation allows chapter members to creatively engage with the larger Optics and Photonics research community and seek diverse career development opportunities supported by SPIE.

International Studies Association
This organization is open to all students interested in foreign affairs. It seeks to stimulate interest in foreign affairs by sponsoring lectures by visiting speakers, and by sponsoring a team that participates in the Model United Nations held annually at Harvard University.

Italian Club
The Italian Club seeks to expose students to Italian culture by organizing a variety of activities, including film screenings, cooking lessons, and group trips to the opera. Membership is open to all Baylor students and faculty.

Japanese Student Association (JSA)
Baylor Japanese Student Association is founded with the purpose of spreading the wonder and joys of Japanese culture. Students interested in Japan will find many opportunities to learn about and experience its culture through various events and activities hosted by JSA on and off-campus. If you are interested or want an updated schedule of events, please email us at baylorjsa@gmail.com.

Korean Student Association (KSA)
The Korean Student Association, founded in 2000, is open to all Baylor University students—both Korean and non-Korean—to learn more about Korean society and culture through films, presentations, and trips. KSA students also hold social, cultural, and athletic events, and participate in Baylor-wide events, such as Diadeloso, and service activities, such as Steppin’ Out. KSA President: Yoonki Na. Faculty sponsors: Professors David and Kim Uber.

Le Cercle Français
Baylor’s French Club is open to all interested students. The club’s goals are to foster an appreciation of French culture through lectures, movies, field trips, and plays.

Mathematical Association of America (MAA)
The Mathematical Association of America is a professional society that focuses on undergraduate-level mathematics. Members include instructors at the high school level and above, undergraduate and graduate students, pure and applied mathematicians, computer scientists, statisticians, and persons working in industries ranging from business to government.

Mathematical Sciences Research Institute (MSRI)
The Mathematical Sciences Research Institute, founded in 1982, is an independent nonprofit mathematical research institution whose funding sources include the National Science Foundation, foundations, corporations, and more than 90 universities and institutions.

Minority Association of Prehealth Students (MAPS)
The Minority Association of Prehealth Students is an organization open to any Baylor student who is registered for at least 12 hours and has a 2.50 GPA. The specific purposes of the organization are to provide underrepresented Prehealth students with knowledge, skills, and experiences that are both prerequisites and concomitant to professional participation in health care fields.

National Association of Black Journalists (NABJ-Student Chapter)
The National Association of Black Journalists is the student chapter of a national organization. The chapter meets monthly for speakers and service projects. During monthly meetings, NABJ members and their guests discuss how to handle issues facing minority journalists and ways to bring awareness of these topics to all members of the media. The Baylor NABJ chapter recognizes and treasures the importance of diversity in the newsroom as a means of fostering a wide range of talents, skills, and life experiences. While intended as a support system for black journalism students, the chapter seeks to form relationships with journalists of all colors. As such, the chapter hosts on-campus panel discussions in order to spur thoughtful dialogue among students. To date, the chapter has hosted panel discussions about the role of minorities on campus, rap music and its portrayal of women, and how minorities are portrayed in the media.
National Association of Hispanic Journalists (NAHJ-Student Chapter)
The National Association of Hispanic Journalists is the student chapter of a national organization dedicated to the recognition and professional advancement of Hispanics in the news industry.

Neuroscience Student Association
The purpose of the Neuroscience Student Association is to encourage the exploration of the field of neuroscience while fostering interaction between undergraduate students, graduate students, and faculty interested in the field. In addition, we hope to encourage members to take advantage of these learning opportunities through community service, organization meetings, and social/academic events in hopes that they will help each member succeed in their career choice.

Phi Theta
Phi Theta is Baylor University's club for students interested in physical therapy, occupational therapy, or sports medicine. It serves as a resource for students who are seeking information about physical therapy and occupational therapy schools and job opportunities. Guest speakers include representatives from physical therapy and occupational therapy schools and local physical therapists and occupational therapists. Field trips to local rehabilitation clinics and professional schools are also made.

Professional Writing and Rhetoric Organization
The Professional Writing & Rhetoric Organization is for students interested in becoming more effective communicators in diverse environments, for diverse disciplines, in a variety of workplaces and careers, and in a range of media.

Psychology Club
The purpose of the Psychology Club is to provide all psychology majors, regardless of GPA, psychology-related opportunities for service, socializing and networking, for gaining further knowledge of psychological science and the Baylor Department of Psychology and Neuroscience, for gaining lifelong learning skills in a changing discipline, and for guidance about how to choose a career, how to find career opportunities, gaining entrance to graduate and professional schools, and career paths for those with bachelor degrees.

The Public Relations Student Society of America, chartered in 1970
PRSSA is the student chapter of the national organization of public relations professionals, the Public Relations Society of America. Chapter meetings introduce students to national PRSA leaders and issues.

Russian Club
This organization promotes interest in the Russian language, literature, and culture. It also attempts to increase students’ awareness of professional and academic opportunities in which knowledge of Russian plays a prominent role.

Sigma Pi Sigma
Membership is by election only. Member must have had sixteen semester hours of college physics in addition to meeting other requirements of the by-laws.

Society for Classical Studies (SCS)
The Society for Classical Studies (SCS), founded as the American Philological Association in 1869 by “professors, friends, and patrons of linguistic science,” is the principal learned society in North America for the study of ancient Greek and Roman languages, literatures, and civilizations. While the majority of its members are university and college Classics teachers, members also include scholars in other disciplines, primary and secondary school teachers, students, and interested laypeople.

Society of Motion Picture and Television Engineers
The Society of Motion Picture and Television Engineers® (SMPTE®), a professional membership association, is the preeminent leader in the advancement of the art, science, and craft of the image, sound, and metadata ecosystem, worldwide. An internationally recognized and accredited organization, SMPTE advances moving-imagery education and engineering across the communications, technology, media, and entertainment industries. Since its founding in 1916, SMPTE has published the SMPTE Motion Imaging Journal and developed more than 800 standards, recommended practices, and engineering guidelines.

Society of Professional Journalists
The Society of Professional Journalists (SPJ) is the student chapter of a national organization of more than 9,000 professional journalists. The Chapter meets monthly for speakers and service projects.

Society of Physics Students (SPS)
The purpose of the Society of Physics Students is to promote interest in physics among university students. Membership is open to all students who have demonstrated such interest.

Spanish Club
This organization meets monthly and is open to all students interested in the Spanish language or Hispanic culture. Activities include films, guest speakers, social events, and service projects.

Students for Environmental Equity (SEE)
Students for Environmental Equity (SEE) was founded to provide undergraduate students with a platform to exercise involvement in public policy addressing important environmental health issues that plague society. SEE seeks to raise awareness about the intersection between health and the environment, as well as to educate members on the impact of environmental issues on underserved populations. Through education, SEE provides students with the tools and knowledge necessary to take action with hands-on advocacy and lobbying. Any student passionate about environmental health and global health is welcome to join.

Students for Environmental and Wildlife Protection (SEWP)
Students for Environmental and Wildlife Protection (SEWP) is an environmental group affiliated with the Department of Environmental Science and open to all majors. SEWP’s mission is to provide students opportunities to volunteer and advocate for the betterment of wildlife and the environment.

Texas Classical Association
The Texas Classical Association (TCA) is an organization for teachers and future teachers of the classics in Texas at all levels, from elementary school through university. The faculty of the Classics Department are committed to the advancement of Classics in the State of Texas, as
shown by their historical connections with the TCA through individual memberships, service as officers in the organization, and Departmental hosting of the organization’s Annual Meeting in 2011.

**Women and Communication**
Student Chapter of National Organization of Professional Women Communicators.
