

# ENGINEERING MINOR

## Requirements for Minor in Engineering

Code	Title	Hours
<b>Required Courses</b>		
A minor in engineering requires twenty-one semester hours in engineering including:		
EGR 1301	Introduction to Engineering	3
EGR 1302	Introduction to Engineering Analysis	3
At least six semester hours of "2000" level engineering electives.		6
ME 2320	Statics	
ME 2321	Dynamics	
ME 2345	Thermodynamics	
ELC 2330	Electrical Circuit Theory	
ELC 2337	Digital Logic Design	
At least nine semester hours of "3000" or "4000" level engineering electives		9
A grade of "C" or better in all engineering courses used for the minor.		
<b>Total Hours</b>		<b>21</b>
